Firma: Gauer Daten- und Aktenvernichtungs GmbH  
 Certified Mobile Shredder: HGV/truck-installed generator-powered setup container with integrated disk shredder

**Short Description of Mobile Equipment - (Option 2 – Destruction of records at source location)**

Material: P - Form of Data Storage - original size (paper, film, printing plate, .....)  
 Protection Category: 2  
 Security Level: 3

P

**Short Description of Stationary Equipment (Option 3)**

Material: H – Form of Data Storage: magnetic hard drive (hard drive HD, hard disc drive HDD,...)  
 Protection Category: 3  
 Security Level: 4

H

Certified Location: 65203 Wiesbaden

**Short Description of Stationary Equipment (Option 3)**

Equipment for: "Destruction of Records – very high protection category"  
 Material: P - Form of Data Storage: - original size (paper, film, printing plate, .....)  
 Protection Category: 3  
 Security Level: 5

P

Equipment for: "Destruction of Records – high protection category"  
 Material: P - Form of Data Storage: - original size (paper, film, printing plate, .....)  
 Protection Category: 3  
 Security Level: 4

P

Equipment for: "Destruction of Records – normal protection category"  
 Material: P - Form of Data Storage: - original size (paper, film, printing plate, .....)  
 Protection Category: 2  
 Security Level: 3

P

Equipment for: "Miniaturized Data Storage"  
 Material: F - Film (film material), microfilm, microfiche  
 Protection Category: 2  
 Security Level: 3

F

Equipment for: "Destruction of Optical Storage Devices - high protection category"  
 Material: O - Form of Data Storage: - digital optical (CD/DVD, ...)  
 Protection Category: 3  
 Security Level: 5

O

Equipment for: Material: Protection Category: Security Level:	“Destruction of Optical Storage Devices - normal protection category” O - Form of Data Storage: – digital optical (CD/DVD, ...) 3 3	O
Equipment for: Material: Protection Category: Security Level:	“Destruction of Magnetic Storage Devices” T – Form of Data Storage: magnetic (discs, magnetic tape cassettes, ID-cards, ...) 3 6	T
Equipment for: Material: Protection Category: Security Level:	“Hard Drive Shredder- high protection category” H – Form of Data Storage: magnetic hard drive (hard drive HD, hard disc drive HDD ,...) 3 5	H
Equipment for: Material: Protection Category: Security Level:	“Hard Drive Shredder- normal protection category” H – Form of Data Storage: magnetic hard drive (hard drive HD, hard disc drive HDD ,...) 3 4	H
Equipment for: Material: Protection Category: Security Level:	“Electronic Data Storage Device Shredder” E – Form of Data Storage: electronic (USB memory sticks, chip/smart cards, solid state drives SSD, mobile communication devices, ...) 3 5	E

The aforementioned Company and all above-listed technical equipment meets the requirements of the **Destruction of Records and Data Storage Devices** seal of quality, according to parts 1 and 2 of DIN standard No. 66399, DIN specification No. 66399-3 and the bvse-standard, subject to the requirements of the Gernarel Data Protection Regulation (EU-DSGVO/BDSG).

Assessment Date: 23.03.2021

The next regular assessment is due in 03/2023. The certificate’s validity is subject to a further unannounced assessment within this period.

Assessor: Jörg Lorenz, Dipl.-Ing. (Graduate Engineer)

**Bonn, 25.03.2021**

**bvse-Specialist Association for  
the Destruction of Records and  
Data Storage Equipment)**

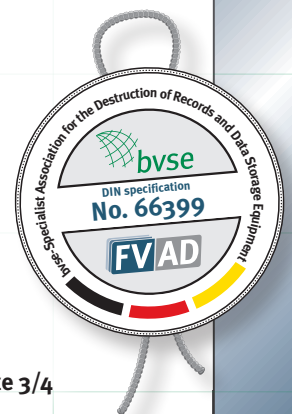

Martin Dinier  
Chairman

**Certification Office:  
bvse-Zert GmbH**

Jörg Lacher  
Chief Executive

This certification process was carried out on behalf of and according to the requirements of the bvse - Specialist Association for the Destruction of Records and Data Storage Devices and is monitored at regular intervals by the bvse-Zert GmbH. This certificate is only valid in conjunction with a valid Waste Management Company Certificate (Certificate No. 10310).
